

NOTICE

TO POTENTIAL HOME HEATING CREDIT RECIPIENTS:

- 1) Whose heat is included in their rent; **and**
- 2) Who receive or have applied for food assistance.

If you receive or expect to receive or apply for a Home Heating Credit for your current address **and your heat is included in your rent**, you may be eligible for an additional deduction from income resulting in more food assistance. (Households who pay for their own heat already receive this deduction.)

WHAT ARE HOME HEATING CREDITS?

Many low-income households can receive help for their heat costs. This help is funded through the Low Income Home Energy Assistance Program (LIHEAP). The Home Heating Credit is one type of LIHEAP payment. Both home owners and renters may be eligible.

All low-income households may apply for the Home Heating Credit. The Michigan Department of Treasury is responsible for determining eligibility and processing payments.

Application forms and instruction booklets for the Home Heating Credit will be available from the Department of Treasury, Department of Human Services, tax preparers and public libraries throughout the state beginning in February of each year.

NOTIFY YOUR SPECIALIST IF:
